AP PRO SERIES

LIGHT BY
CREE 
LED Light

APPROSERIES would like to announce the release of professional-grade compact technology making waves in the world of lighting innovation; Cree's new LED bulb. This energy-efficient miniature marvel pumps out double the light and runs 50,000 hours longer than a standard LED bulb. Using the latest market-leading technology, Cree LED bulbs generate minimal heat which conserves energy and extends battery life. Illuminate your world with premium quality at an affordable price. Join the Cree LED lighting revolution and start saving time, money and the environment today.

Designed and constructed to produce powerful brightness & high level beam performance. The **AP**PROSERIES is reliable, durable & easy to use making it the ideal torch for home, car, outdoor and leisure use.

75 LUMENS

HIGH PERFORMANCE TORCH

Batteries: 3 x AAA (included)
Product code: A50435

Key features include

-  – Energy saving, long life LED 100,000 hours (11 years)
-  – 3-mode operation: High beam - up to 75 lumens
Low beam - up to 30 lumens
SOS flash mode
-  – SOS Advanced flash mode control
-  – Beam distance: High beam - up to 155 metres
Low beam - up to 95 metres
-  – Water Resistance Tested to IPX4 standard
-  – Robust design to withstand a drop from 1 metre
-  – Battery life: high beam up to 10 hours
-  – Durable and lightweight high grade aluminium body

90 LUMENS

HIGH PERFORMANCE TORCH

Batteries: 3 x AAA (included)
Product code: A50268

Key features include

-  – Energy saving, long life LED 100,000 hours (11 years)
-  – Advanced focused beam control 1 x flood 4 x spot
-  – Tactical switch momentary or constant on
-  – Focus control lens
-  – Beam distance: high beam up to 120 metres
-  – Water Resistance Tested to IPX4 standard
-  – Robust design to withstand a drop from 1 metre
-  – Battery life: high beam up to 15 hours
-  – Durable and lightweight high grade aluminium body

100 LUMENS

HIGH PERFORMANCE HEAD TORCH

Batteries: 3 x AAA (included)
Product code: A50312

Key features include

-  – Energy saving, long life LED 100,000 hours (11 years)
-  – ON/OFF Motion sensor
-  – Advanced focused beam control 1 x spot, 4 x flood
-  – Focus control lens
-  – SOS Advanced flash mode control using red LED's
-  – Smooth dimming operation 100% to 10% variable brightness
-  – Water Resistance Tested to IPX4 standard
-  – Durable tilt adjustable body with elastic head band
-  – Battery life: high beam up to 8 hours
-  – Beam distance: high beam up to 55 metres

110 LUMENS

HIGH PERFORMANCE LANTERN & TORCH

Batteries: 2 x AA (included)

Product code: A50244

Key features include

– Energy saving, long life LED 100,000 hours (11 years)

– Dual function. Lantern or a torch

– High or Low beam

– Easy find green flashing LED locator

– 3 mode operation high / low / flashing

– Rotatable base hook. Includes wrist strap and carabiner-not suitable for climbing

– Beam distance: high beam up to 30 metres

– Water Resistance Tested to IPX4 standard

– Battery life: High beam - up to 25 hours
Low beam - up to 45 hours

120 LUMENS

HIGH PERFORMANCE TORCH

Batteries: 2 x AA (included)

Product code: A50275

Key features include

– Energy saving, long life LED 100,000 hours (11 years)

– Advanced focused beam control 1 x flood 4 x spot

– Tactical switch momentary or constant on

– Focus control lens

– Beam distance: high beam up to 150 metres

– Water Resistance Tested to IPX4 standard

– Robust design to withstand a drop from 1 metre

– Battery life: high beam up to 14 hours

– Durable and lightweight high grade aluminium body

125 LUMENS

HIGH PERFORMANCE TORCH

Batteries: 2 x AA (included)

Product code: A50343

Key features include

– Energy saving, long life LED 100,000 hours (11 years)

– Advanced focused beam control 1 x flood 4 x spot

– Smooth dimming operation 100% to 10% variable brightness

– SOS Advanced flash mode control

– Beam distance: High beam - up to 170 metres
Low beam - up to 50 metres

– Water Resistance Tested to IPX4 standard

– Robust design to withstand a drop from 1 metre

– Battery life: High beam - up to 14 hours
Low beam - up to 40 hours

– Durable and lightweight high grade aluminium body

185 LUMENS

HIGH PERFORMANCE SPOTLIGHT

Batteries: 1 x 6V disposable battery (included)

Product code: A50473

Key features include

– Energy saving, long life LED 100,000 hours (11 years)

– Simultaneous flood & spot beam

– Adjustable stand for hands free operation

– Shoulder strap included

– Beam distance up to 250 metres

– Water Resistance Tested to IPX4 standard

– Robust design to withstand a drop from 1 metre

– Battery life: High beam up to 50 hours

– Durable and lightweight high grade plastic body

210 LUMENS

HIGH PERFORMANCE TORCH

Batteries: 4 x 1.5v C size (not included)
Product code: A50282

Key features include

– Energy saving, long life LED 100,000 hours (11 years)

– Advanced focused beam control 1 x flood 4 x spot

– 2-mode operation: High beam - up to 210 lumens
Low beam - up to 60 lumens

– Focus control lens

– Beam distance: High beam - up to 160 metres
Low beam - up to 90 metres

– Water Resistance Tested to IPX4 standard

– Robust design to withstand a drop from 1 metre

– Battery life: High beam - up to 27 hours
Low beam - up to 90 hours

– Durable and lightweight high grade aluminium body

220 LUMENS

HIGH PERFORMANCE SPOTLIGHT

Batteries: 1 x 6V disposable battery (included)
Product code: A50299

Key features include

– Energy saving, long life LED 100,000 hours (11 years)

– Simultaneous flood & spot beam

– Adjustable stand for hands free operation

– Shoulder strap included

– Beam distance up to 300 metres

– Water Resistance Tested to IPX4 standard

– Robust design to withstand a drop from 1 metre

– Battery life: High beam up to 45 hours

– Durable and lightweight high grade plastic body

220 LUMENS

HIGH PERFORMANCE RECHARGEABLE SPOTLIGHT

Batteries: 1 x 6V 4500mAh lead acid rechargeable (included)

Product code: A50305

Key features include

-  – Energy saving, long life LED 100,000 hours (11 years)
-  – Simultaneous flood & spot beam
-  – Adjustable stand for hands free operation
-  – Shoulder strap included
-  – Beam distance up to 300 metres
-  – Water Resistance Tested to IPX4 standard
-  – Robust design to withstand a drop from 1 metre
-  – Rechargeable battery life up to 5 hours on a full charge
-  – Durable and lightweight high grade plastic body

750 LUMENS

HIGH PERFORMANCE TORCH

Batteries: 4 x 1.5V D Size (not included)

Product code: A50350

Key features include

-  – Energy saving, long life LED 100,000 hours (11 years)
-  – Simultaneous flood & spot beam
-  – 2-mode operation: High beam - up to 750 lumens
Low beam - up to 300 lumens
-  – Multi-facet reflector lens (produces smooth beam light)
-  – Beam distance: High beam - up to 180 metres
Low beam - up to 100 metres
-  – Water Resistance Tested to IPX4 standard
-  – Robust design to withstand a drop from 1 metre
-  – Battery life: High beam - up to 8 hours
Low beam - up to 24 hours
-  – Durable and lightweight high grade aluminium body
